Overview

Animal Solution Feedmill (ASF) produces high-quality, animal-specific feed to enhance livestock production for farmers in Nigeria at affordable prices. ASF also offers consultation services on optimal feed formulation and nutrient composition, helping to reduce mortality rates, boost productivity, and improve returns on investment in livestock.

Our Mission

Empowering Growth with Quality Feed

Quality feed is the backbone of healthy livestock and sustainable farming. Our feed solutions are designed to boost animal well-being and support a healthier, more productive ecosystem.
